No. 14-76

TITLE/SIGNIFICANCE:

First Identification of Ukraina Revetment at an SA-5 Complex

COMMENT: The Ukraina revetment, measuring 35 by 35 meters (115 by 115 feet) inside, is separately secured within the missile handling facility of the SA-5 complex. A security building and an administration or support building are also inside the security fence. Van trucks, cargo trucks, and other support equipment have been observed within the fenced area. The revetment had previously been seen only at SA-2 support facilities and
